2, Adewunmi Street, Off Omiyale Str.  
Ejigbo, Lagos.

Dedicated and innovative architect in designing and managing a diverse range of architectural projects. Adept at translating client visions into functional, sustainable, and aesthetically pleasing designs. Proficient in using cutting-edge technology and software to streamline the design process and enhance project efficiency. Strong collaborator with excellent communication skills, fostering productive relationships with clients, contractors, and project teams. Passionate about sustainable design principles and committed to creating environmentally responsible and resilient structures. Seeking to leverage my expertise and creativity to contribute to visionary architectural projects that make a lasting impact.

## EDUCATION

---

<b>M.Sc.</b>	Caleb University, Imota, Lagos, Nigeria. Architecture.	2021- 2023
<b>B.Sc.</b>	Caleb University, Imota, Lagos, Nigeria. Architecture. Graduated Second Class Upper.	2017 - 2021
	Gaziantep University, Gaziantep, Turkey. Architecture.	2016 - 2017
	Zirve University, Gaziantep, Turkey. Architecture.	2015 – 2016
	Meliksah University, Kayseri, Turkey. Mechanical Engineering.	2013 – 2014
<b>WAEC</b>	Nigerian Tulip International College, (Formerly Nigerian Turkish International College) Isheri, Ogun, Nigeria. Senior Class Certificate	2011 - 2013
<b>JSSCE</b>	St. Francis Catholic Secondary School Idimu, Lagos, Nigeria. Junior Class Certificate	2008 - 2011

## CERTIFICATE

---

<b>Masters of Science in Architecture</b>	2023
<b>Bachelors of Science in Architecture</b>	2021
<b>Cousera - Autodesk</b>	2021

## WORK EXPERIENCE

---

**Vritansh Technologies & Solutions, Lagos, Nigeria** 2022 - 2024  
**Freelance Architect**

- Supervised and mentored other Architects to effectively address client requirements and ensure project success.
- Utilized expertise in Revit, Vector Works, and AutoCAD to create high-quality deliverables tailored to diverse project needs, while also presenting design concepts to clients and stakeholders, adapting plans to meet specific project objectives.
- Analyzed project briefs, selected appropriate tools to achieve client goals effectively, and adapted to evolving project requirements to provide responsive support to clients and project teams.
- Employed hand-sketching techniques to illustrate design concepts before transitioning to digital modeling.
- Implemented rendering, retouching, modeling, and texturing processes to meet client demands for quality design outcomes, developing customized 3D design solutions tailored to address unique client conditions and requirements while fulfilling technical and aesthetic specifications.

**Q-Bays Consortium Limited, Lagos, Nigeria.** 2018 & 2020  
**Internship Student**

- Cultivated robust organizational and time management abilities through adeptly handling multiple tasks concurrently.
- Leveraged expertise in Revit and Vector Works to craft and implement tailored 3D design solutions, accommodating diverse client requirements while generating high-quality deliverables across a range of projects.
- Fostered collaboration with clients and production teams to advance projects and meet specifications effectively.
- Actively participated in meetings, diligently recording minutes to ensure proper documentation and project progress tracking, while also shadowing managerial personnel to expand knowledge base and acquire new skills.

**Aquent Konnect Limited, Lagos, Nigeria.** 2017 & 2019  
**Site Supervisor Intern**

- Utilized expertise in Revit and Vector Works to generate quality deliverables for diverse projects, including developing 2D plans and 3D models tailored to client specifications.

- Actively participated in meetings, meticulously recording minutes to ensure proper documentation and project tracking.
- Integrated details of finishing materials into drawings and plans to enhance project accuracy and clarity.
- Offered recommendations for minor adaptations and modifications to finalize comprehensive working drawing sets.
- Maintained precise records of employee performance metrics and activities to support efficient project management.
- Maintained regular communication with clients to provide progress updates on project development.
- Adhered to engineering and architectural recommendations on blueprints while executing construction tasks for projects.
- Collaborated closely with architects, engineers, and other stakeholders throughout each project's duration to facilitate seamless coordination and execution.

**Lafarge Nigeria, Ogun, Nigeria.**

2014

**Internship Student**

- Attended meetings and recorded minutes to maintain proper documentation.
- Researched latest trends to keep abreast with new products and features.
- Shadowed manager to broaden knowledge and learn tasks.

## **SKILLS**

---

Autodesk Revit  
Autodesk AutoCAD  
Lumion  
SketchUp  
Microsoft Office Expertise  
Project Presentation  
Time management  
Interior Design  
Architectural Innovations  
Client Relationship
